ON OUR TRAVELS

Fairmont Royal Pavilion

Barbados

We take a look at what makes the Fairmont Royal Pavilion just that little bit extra special ...

This 48 Room/24 Suite luxury property has a long and well deserved history in the Barbados hotel scene and remains one of the most elegant places to stay anywhere on the Island.

Tucked away in a sun-drenched cove on the beautiful west coast of Barbados, it is the position of the Fairmont Royal Pavilion that makes it so special. The hotel boasts an unrivalled location, directly on one of the island's finest beaches.

The hotel's buildings are dotted along a 350yd stretch of Alleyne's Bay, a tranquil beach on Barbados' west coast. You literally couldn't be nearer to the sand. The very scenic strip of soft white sand, with gently lapping water that is ideal for swimming, extends for more than half a mile. The only hotel on the beach; a five-minute stroll brings you to the Lone Star, a trendy restaurant, and a couple of other low-key beach bars. It really is the perfect spot to witness the magnificent Caribbean sunsets the Island is famed for.

THE INSIDER

Mykonos

This year, the Greek Island of Mykonos has been a big LWC customer favourite and high on our radar but is a luxury holiday to Mykonos right for you?

GETTING TO MYKONOS

Mykonos is one of the most famous Greek islands, part of the Cyclades, lying between Tinos, Syros, Paros and Naxos. You can fly from London or Manchester in the UK.

BEST TIME TO GO TO MYKONOS

The warmest weather in Mykonos is best between June and September when it's sunny, hot, and the water is perfect for swimming. Water temperature heats throughout the summer months and is warmest in August and early September. The island is quieter in May and October although the weather is still very nice.

OUR THOUGHTS ON MYKONOS

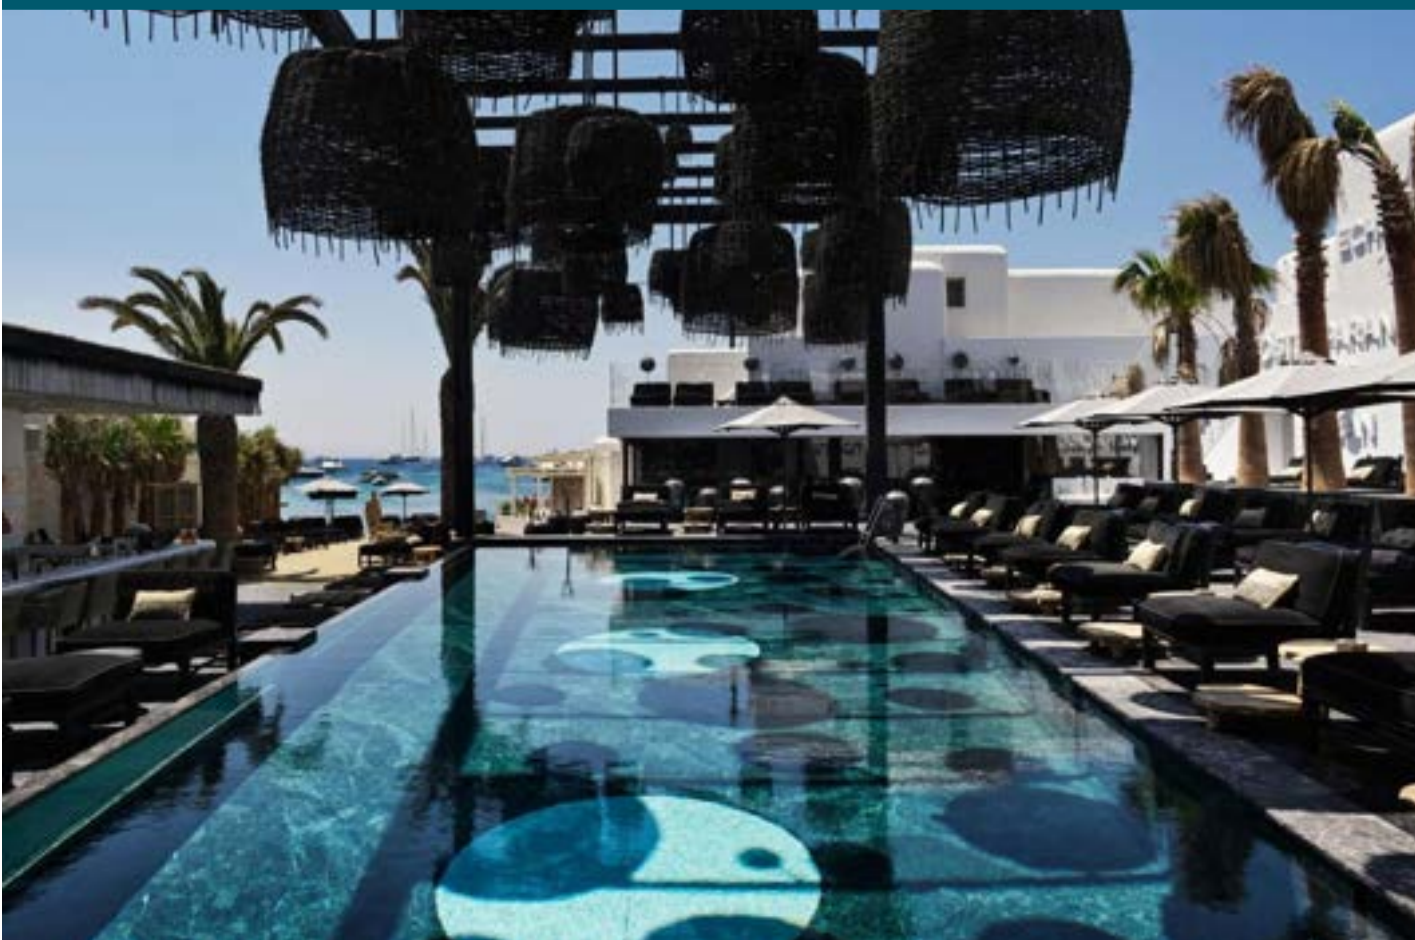

Mykonos is a great combination of amazing beaches, beautiful nature, picturesque villages, delicious Greek food and a chic lifestyle. It has something for everyone. It's a great choice for night owls too as its famous for its great nightlife, sometimes called the Ibiza of Greece.

WHY BOOK YOUR NEXT WINTER SUN HOLIDAY NOW

With summer over, if you have plans to get away from what will predictably be a wet British winter then now really is the time to start planning.

Here are our top Insider Insights on why you should book your winter sun 22/23 break early:

#1 HOTELS AND VILLAS ARE IN HIGH DEMAND

After so many holidays were postponed due to lockdowns and destination restrictions, it's no surprise that travel is in such high demand. This year, luxury hotels are already booked up more than usual, as a large number of bookings were rearranged from the past couple of years. Add to this those among us who have yet to make a post-lockdown getaway, and you'll see why it's best to get in early.

#2 SECURE THE FLIGHT YOU WANT

It's not only accommodation that is in high demand. Unless you turned off the news completely earlier in the year you will have seen the coverage chaotic airlines and airports. There will be pressure on airlines and airport to ensure a much more comfortable experience for travellers, and this may mean less flights. This lower capacity means higher prices. So, we recommend that along with your accommodation you ensure that you secure your flights as a package with us as soon as possible.

#3 GET YOUR FAVOURITE DESTINATION WITHOUT COMPROMISE

Winter is peak travel time for a number of top holiday destinations. Not only does it offer the best weather for places like the Caribbean, the Middle East and the Maldives; with the school holidays over Christmas, it's also a huge attraction for families.

#4 ADD IN THE EXTRAS BEFORE THEY BOOK UP

We know that it's all the little (and big) added extras that make or break your trip, holidays are a time to treat yourselves. Our LWC concierge service know that the accommodation is just the start of your holiday, we can book anything you require from private chefs to chauffeurs to excursions, well-needed spa pampers or experiences for the whole family to enjoy.

#5 BENEFIT FROM THE BEST OFFERS

If you want to get the best savings and hotel options for your holiday, booking early really pays off. Gone are the days of last-minute holiday deals and now it's all about early booking offers.

Many hotels have early booking offers available for those who book around two or three months before travel.

NYC

NYC

ON OUR TRAVELS

Three Days in New York City

New York, New York ... so good they named it twice and as one of the most popular cities in the world. Its streets are filled with exciting people, superb restaurants and plenty of things to do.

So, when I was offered a trip to New York, my answer was obviously yes, yes (in true New York double speak!). Even though it was just a quick trip I was determined to squeeze in as much as possible in just a few short days.

STARTING OFF THE JOURNEY IN STYLE

Travelling to JFK New York from London Heathrow was just 8 hours flight. It was my first time flying with JetBlue and they were excellent. We flew the 'Mint Experience' with fast track through passport control and security. All together this took 10 minutes from end to end – no big airport queues are always a bonus!

On the flight the large private suites and seats were super comfortable and stylish and the service was fantastic ... it was definitely the perfect start to my holiday.

Flying Mint Experience with JetBlue

CITY LIVING

I stayed just a few minutes' away from Times Square, at the ultra-sleek Yotel. The hotel has a relaxed, modern feel to it. Take the lifts straight up to the 4th floor where you will find the hotels rooftop bar and restaurant. Here you can spend your time looking out at the views of the city with a choice of cocktails and some great dishes.

Bright and minimalist rooms feature the essentials, a large comfy bed, floor to ceiling windows offering great views of the city, and a bathroom.

MAKING THE MOST OF NEW YORK

When in such a big city like New York for a short space of time, the sight-seeing buses are a great option. You can sit back and relax whilst you take in all the famous sights of New York from the comfort of the top deck of the bus. For around \$56 USD you can spend all day on the bus and cover a huge amount of ground.

Top of most visitors New York bucket list are the shops and they do not disappoint! There's a huge selection to choose from, everything you could ever need is within walking distance of each other. Popping into the more famous of New York's shops such a Macy's, making you

feel like you're on set of a movie or an extra in Sex in the City!

There is a huge choice of restaurants in New York, as you would expect but my tip... don't leave without trying the array of street food... a slice of pizza can be found around almost every corner, freshly cooked, steaming hot and very tasty!

Taking a leisurely stroll around Central Park is a must when visiting New York, this is a HUGE space of greenery open to the public and you can walk for hours getting lost in the meadows, taking in the views of the gardens, large lakes, and stunning architecture. From Times Square to Central Park and the Empire State, these are all must see when visiting New York.

THE BEST VIEW OF NEW YORK

Whilst it's great to explore on foot, getting up above the bright lights of the city with a bird's eye view is a real experience. I highly recommend 'The Edge', a skyscraper with glass floor panelling looking down over the city. It's not for the faint hearted but it is a great way to get the perfect views of New York from all angles.

OUT AND ABOUT

Elegant Golf Resorts at The Legends Staysure PGA Seniors Championship, Formby

The 26th of August this year saw the Elegant Golf Resorts Team pack up their clubs and head north west to Formby Golf Club for The Legends Staysure PGA Seniors Championship.

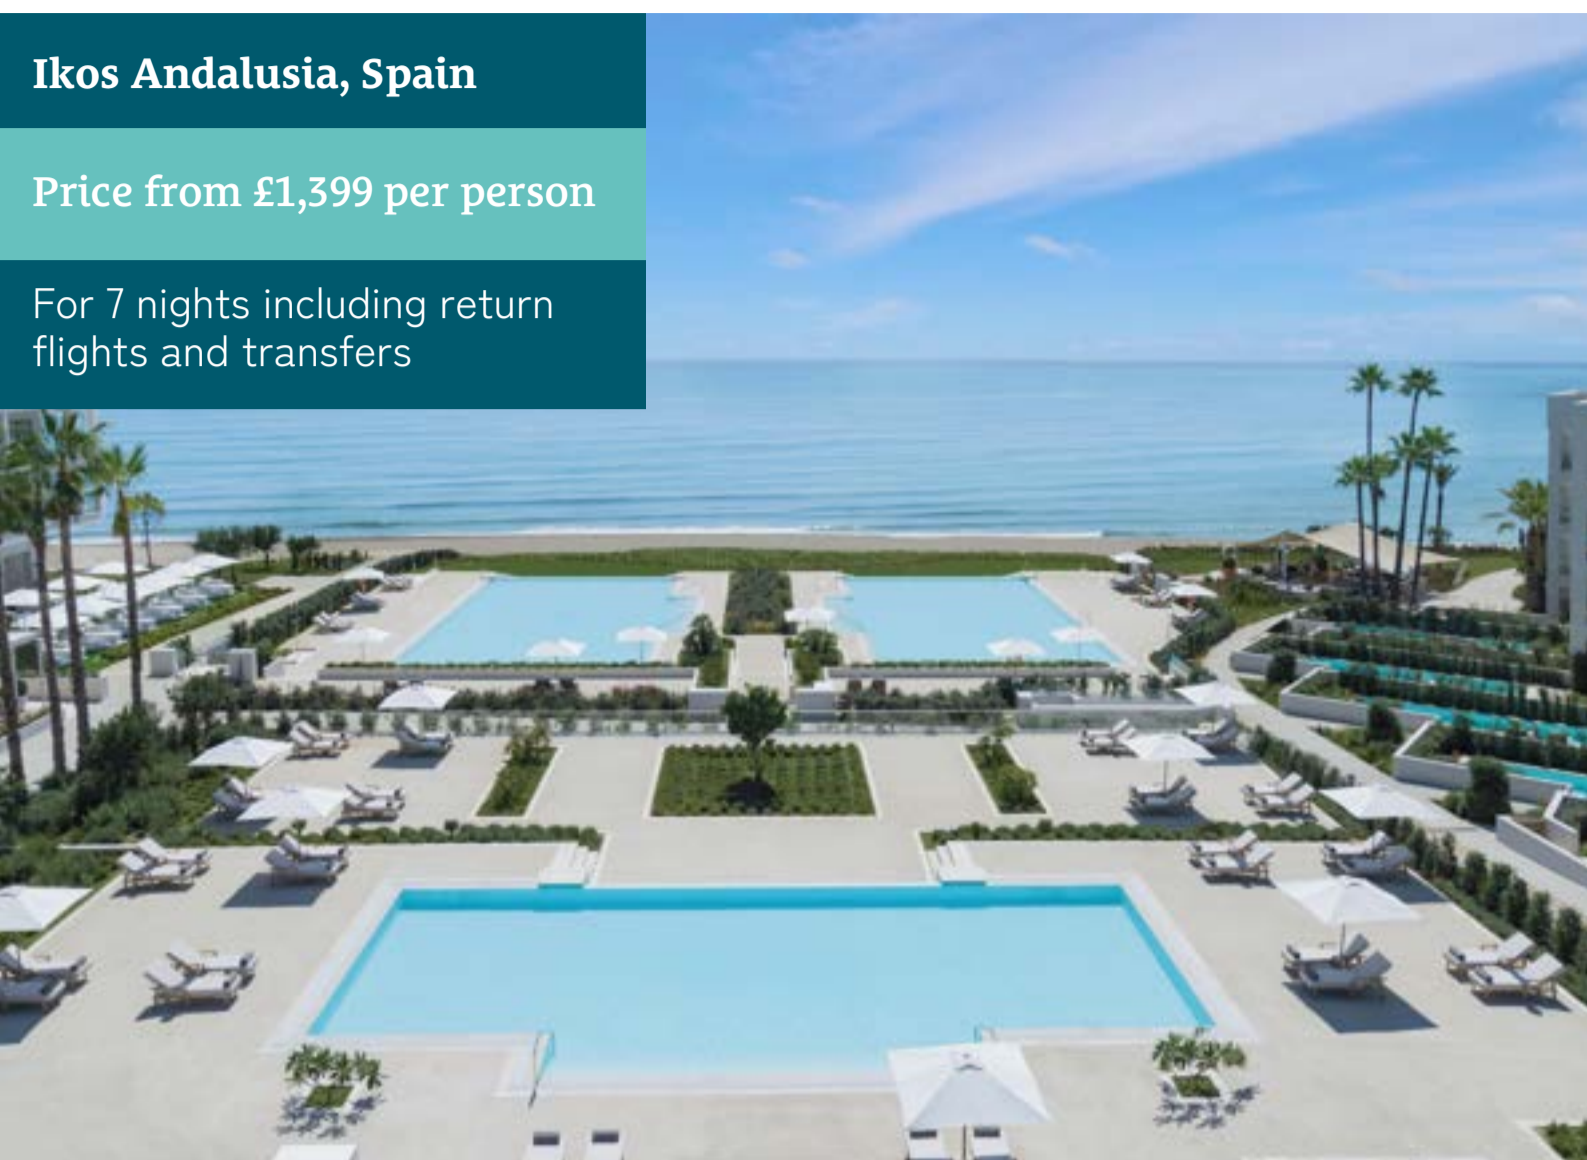

As proud official travel partner of **The Legends Tour**, we hosted a stand in the Championship Village, and it was wonderful to catch up with so many clients and future clients and to be able to spend some time chatting to them about all things golf, where they have travelled before and what they like about golf holidays.

Superbly organised and hugely enjoyable, the Tournament was a real success. Highlights include seeing some true legends of the game in action (Paul McGinley, Paul Lawrie, Sam Torrance and Ian Woosnam), listening to Q&As from top golfers, seeing some spectacular golf

and just enjoying and sharing our mutual love of golf with so many likeminded people.

Jakub Radny, one of our Golf Sales Team, fulfilled a lifetime's ambition by playing in the pro-am with Ryan Taylor and summed up his day simply as 'An amazing time. One of the best golf experiences I've ever had.'

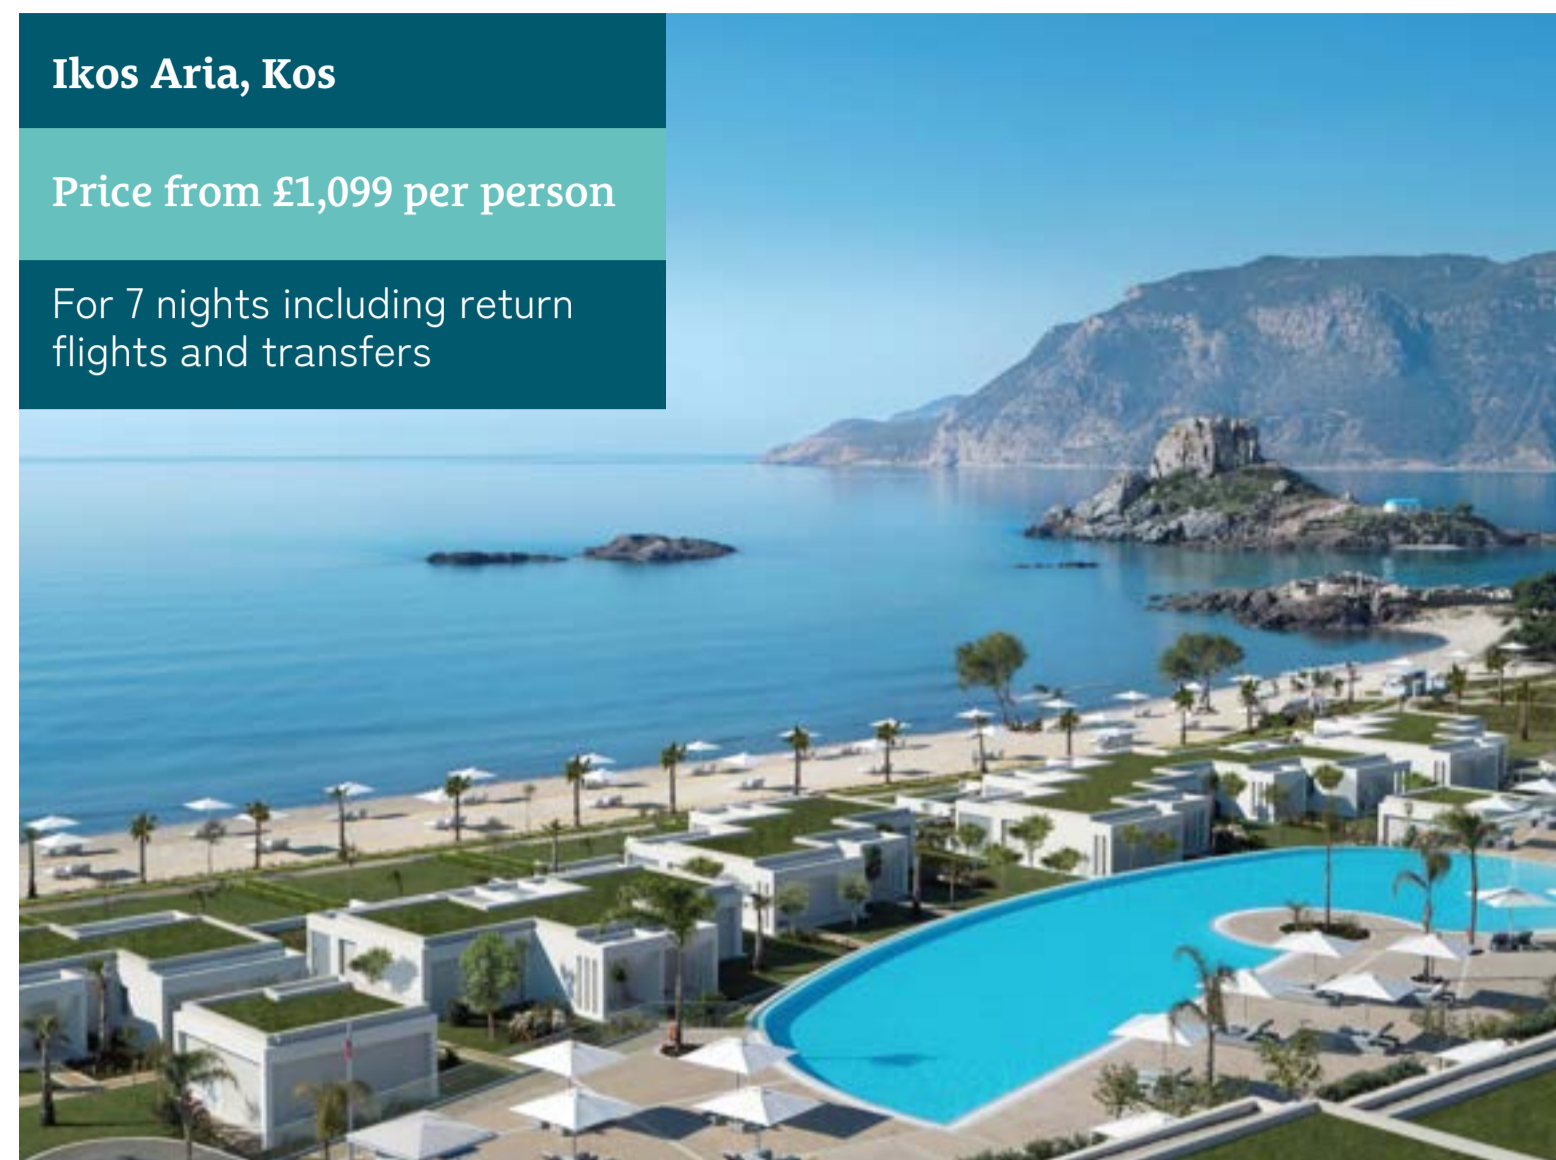

Our congratulations to Adilson da Silva who is the winner of 2022 Staysure PGA Seniors Champion and also to our Elegant Golf Resorts winners of tickets to the event and a big thank you to everyone who dropped by to see us.

LOCATION

Oozing style and luxury, the resorts spacious grounds run down to a palm-backed beach of blinding white sand, and the near-sheer wall of the Petit Piton rises dramatically on one side of the property. A second, quieter beach, also of white sand, has recently been created along the seafront on 100 acres of rainforest between the Pitons of St Lucia. Your surroundings are unique and breathtaking.

Down at the beach there's the stylish but informal Bayside Restaurant, which turns locally caught fish into tasty dishes, and does staples such as pasta and pizzas. Come evening, you can have cocktails in the trendy Cane Bar, and tuck in to accomplished fine dining, in the colonial splendour of The Great Room.

ACTIVITIES

You are never short of something to do at Sugar Beach! Catering to all ages, there are a host of activities for children as well as adult guests. Unique activities like night snorkeling off the beach within the National Marine Reserve are a must and for the more active the Piton Hike is tough but incredibly rewarding.
